MOOD:  optimistic

MUSIC: The Skater's Waltz, what else?

National Gallery of Art Sculpture Garden's ice rink is open! What say we gather the troops for beer after work tomorrow and make a drunken foray out onto the ice? Fun and embarrassment for all!

(Don't I make it sound enticing?)

Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

Though you could go into The City and skate at Rockefeller Center! I always wanted to do that.

Does this mean girls with muscular thighs in tights and short skirts and little furry jackets? Or is that only on tv?

(We don't have ice where I come from. I only know what I see on the box.)

And last year, when we did this over at Pentagonia, you spent so much time engaged in lateral motion using the back pockets of your pants as friction surfaces that I'm not sure you'd remember what anyone wore.

Or what gender they were. One incident may even have involved concussion and associated loss of memory.

Otherwise you would totally remember the girl who was hitting on you. *g*

That's because snow and ice are something to be visited, not lived in.

(Although I am kinda surprised you haven't tried ice wall climbing yet)
